

# Who is this woman?

"She took **care** of me when I was sick."

"Then she **forgot** our traditional medicines."

"She **stood** by me."

"Then she **frustrated** me."

"She **taught** me respect."

"Then she **turned** her back on me."

"She **loved** me unconditionally."

"Now it's too **late**."

**This is my Auntie.  
Her dementia made me forget that.  
I'd like to tell you more.
